

quarto

Quarto

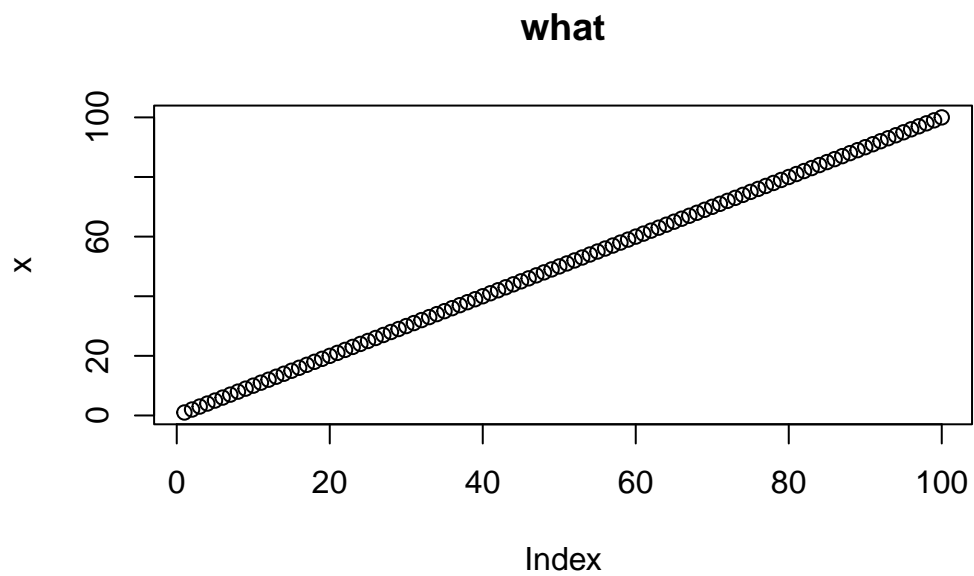

Quarto enables you to weave together content and executable code into a finished document. To learn more about Quarto see <https://quarto.org>.

```
print(1:10)
```

```
[1]  1  2  3  4  5  6  7  8  9 10
```

```
x = c(1:100)
```

```
p = plot(x,main="what")
```
